**** Please note this course is specific to your collective agreement.**

If any group would like a Leadership Development 12 course “Know Your Collective Agreement”, please provide the education assistant with a date, the location and a list of participants for your local. This course is open to all members who wish to take it, however we do not like to go over 24. The goal is to engage as many new members as possible to SGEU and their CBA. All Leadership Development 12 courses will be added to the online calendar all members are able to apply. The Leadership Development 12 course is not covered by this department so this means the sponsor will need to order meals/snacks and prepare UL/Stipend for this course. The Education Department will cover the expenses for the LRO, materials and certificates.
